*September 27*

---

<sup>24.15</sup> Do not lurk like a thief near the house of the righteous,  
do not plunder their dwelling place;  
<sup>16</sup> for though the righteous fall seven times, they rise again,  
but the wicked stumble when calamity strikes.

---

1. Why would anyone 'lurk' around someone's house?
2. How do they righteous rise when they fall?
3. Why do the wicked 'stumble'?
