LESSON ONE

OVERVIEW OF THE BOOK

Exodus 1-40

Its Position

Exodus is a part of a *pentalogy*, one of five works which build upon one another. The *Pentateuch*, *penta-* (*five*) + *teuchos* (*books*) was likely written for the benefit of the second generation to leave Egypt, the one which would be receiving the land.

1. What are the five books of Moses?
2. How does the ending of Genesis contrast with the beginning of Exodus (Gen. 50:20)?

Its Application

The generation that was in the wilderness and who would conquer the land along with their descendants would be able to apply some of Exodus *directly*, for example, the instructions on observing the *Passover* (12:43-51).

Other parts of it are a recounting of what happened in Egypt, Midian, and Mount Sinai, or as they journeyed along. This narrative's applicability is therefore in the form of lessons from the past whose *principles* apply to themselves and to subsequent generations of Israelites.

3. How do you think these things might apply to us?

The Broad Outline of the Book

Exodus divides into two parts of the story: chapters 1-18 and 19-40. The first tells how they left Egypt and came to encounter God on Mt. Sinai. The second instructs them on how they were to live with God in their midst from then on, including when they come into the land of Canaan.

Remember the “Plan” for Exodus the pastor presented Sunday?

4. You should skim through Exodus at least once this week and write down what general titles you would give to the following parts of the book:

	Chapter(s)	General Title
The Deliverer Moses	1-2	
	3-4	
	5-6	
Sovereign	7-11	
Passover	12-13	
Journey To Sinai	14-15	
	16-17	
	18	
	19	
Covenant	20	
	21-24	
	25-31	
Rebellion	32-34	
Tabernacle	35-39	
	40	

Later on we will give you a chart to develop a more detailed breakdown of the various parts which go into making up *Exodus*.

The Name and the Event

This book has gone by various titles in the course of its history. The original Hebrew title was “*These are the names ...*” The title “*Exodus*” came to us through the Vulgate (Latin translation) following the Septuagint (Greek translation) and meant “*going out*” which reflects the going out of

Israel from Egypt. Probably this comes from the Hebrew word *yotse'ei* which has a similar meaning as *exodus* (3:10-11).

The further back in history we go, the less we can know for certain. Hard facts become scarce as most records are either lost, biased, or impossible to fact check. From the Bible, we can arrive at a possible time frame for the event known as the Exodus. *1 Kings 6:1* gives us a firm point in chronology,

It was in *midspring*, in the month of Ziv, during the fourth year of Solomon's reign, that he began to construct the Temple of the Lord. This was 480 years after the people of Israel were rescued from their slavery in the land of Egypt. (*1 Kings 6:1 NLT*)

If this chronology is correct, then that would date the exodus around 1445 BC, since we know that Solomon began to reign in 971 BC. However, scholars tend to argue that the exodus should be dated later, around 1290 BC.¹

The earlier date would put the exodus event during the reign of Amenhotep II and the pharaoh of the later date would have been Rameses II.

The dynasties which ruled Egypt in its ancient period are grouped into three kingdoms with intermediate stages between them:

Date (B.C.)	Name	Dynasty
2686-2181	Old Kingdom	3-6
2181-2061	First Intermediate	7-11
2061-1690	Middle Kingdom	11-14
1674-1549	Second Intermediate	15-17
1550-1077	New Kingdom	18-20

Looking at the Book Thematically

Noel Osborn and Howard Hatton in the *UBS Handbook on Exodus* suggest that there are four underlying relationships which appear in sequence:

- Moses and Yahweh
- Moses and Pharaoh
- Moses and the People
- the People and Yahweh.

They outline Exodus this way:

The Prologue: the people's slavery (1:1-22)

I. The Lord's deliverance (2:1-15:21)

A. The Lord and Moses: preparation of a leader (2:1-7:7)

B. Moses and Pharaoh: contest for freedom (7:8-15:21)

II. The people's obligation (15:22-39:43)

A. Moses and the people: journey to Sinai (15:22-18:27)

B. The Lord and his people: a covenant established (19:1-39:43)

The Epilogue: the Lord's presence (40:1-38)²

We want to encourage you to read through the entire book of Exodus several times during the course of our study. The more you do so, particularly at one "sitting," the more you will begin to see how the various parts fit together.
