

Games – Day 2 – Handouts and Directions

Key Truth

God created all things. God established all good things. He even established the idea of people in community. Families, villages, towns, cities. You and your friends are a picture of our relational God. When you play and enjoy each other's company, God is glorified.

Bean Bag Toss –

In your kit you will find a piece of sidewalk chalk and a bean bag. Go outside for this fun game. Draw a very large circle. Then draw a medium sized circle inside the very large circle. Then draw a smaller circle inside the medium sized circle. Assign a point value to each circle. Make the smallest circle worth the most points. Then pick a spot to stand that everyone will stand on to throw the bean bag. Whoever hits the highest points wins! If you have very young children in your group, let them stand closer. Make grown kids and adults stand further away. If there is a tie for first, those tied must toss again until there is a winner.

Enjoy!
